***Allowable Subject Matter***

2. Claims 24, 27-31, 35-39 allowed.
3. The following is an examiner's statement of reasons for allowance:

For claim 24: primarily, the prior art of record does not disclose or suggest in the claimed combination: a first electrical plug positioned in the first hand grip and electrically coupled to a first set of Kelvin conductors, the first set of Kelvin conductors including a first wire and a second wire;

a cable including a second set of Kelvin conductors, the second set of Kelvin conductors including a first wire and a second wire;

a second electrical plug electrically coupled to the first and second wires of the second set of Kelvin conductors, wherein the first electrical plug and the second electrical plug are removably electrically coupled together in the first hand grip such that the first set of Kelvin Conductors and the second set of Kelvin conductors are removably electrically coupled together;

a terminal coupled to the cable and having a terminal hole aligned with the first hand grip; and a removable fastener which couples the terminal to the first hand grip through the terminal hole in the first hand grip

For claim 31: primarily, the prior art of record does not disclose or suggest in the claimed combination: a first electrical plug positioned in the first hand grip and electrically coupled to a first set of Kelvin conductors, the first set of Kelvin conductors including a first wire and a second wire;

a cable including a second set of Kelvin conductors and a terminal , the second set of Kelvin conductors including a first wire and a second wire and the terminal including a terminal hole aligned with the aperture in the first hand grip;

a second electrical plug electrically coupled to the first and second wires of the second set of Kelvin conductors, wherein the first electrical plug and the second electrical plug are removably electrically coupled together in the first hand grip such that the first set of Kelvin conductors and the second set of Kelvin conductors are removably electrically coupled together;

a removable fastener for removably coupling the terminal to the replaceable clamp through the terminal hole and the aperture in the first hand grip;

For claim 39: primarily, the prior art of record does not disclose or suggest in the claimed combination: obtaining a cable including a terminal having a terminal hole and a second set of Kelvin conductors having a first wire and a second wire electrically coupled to a second electrical plug; removably electrically coupling the first electrical plug to the second electrical plug in the first hand grip; and removably fastening the terminal to the first hand grip through the terminal hole and the first hole in the first hand grip.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
